

# WHAT IF THERE WAS ANOTHER VITAL COMPONENT REQUIRED TO THRIVE... AND SURVIVE?

Life Force is as critical for survival as both oxygen and nutrients. The greater the Life Force, the greater the personal health & happiness.

## ALTERED LIFE FORCE IMPACTS

The Dawson Program investigates & corrects the body's electrical systems; namely Chakras, Meridians & Auric Fields, with a view towards achieving optimal Life Force energy flow throughout the body.

These corrections are achieved through exploring the relationship between locked in negative emotions from individuals, family members, ancestors and places.
